VOLUME 6. MARYVILLE, MISSOURI. THURSDAY, OCT. 21, 1915. NO. 120.

ASK HOMES FOR 350

BUT KNIGHTS OF COLUMBUS WILL PAY HOTEL RATES.

FOR CONVENTION IN MAY

St. Louis Trying Again to Get Meeting and Maryville Must Prove Ability to Entertain.

Preparation for the fifteenth annual convention of the Knights of Columbus has been begun by the members of that order here. The meeting will be held here the second week in May. About 350 delegates are expected.

Special activity has been aroused by the information that St. Louis is making efforts to have the place of meeting changed to that city. The reason given against this city is that it will not be able to accommodate so many persons.

That argument was used effectively against Maryville in the fight for the next place of meeting in the convention last May at Cape Girardeau. The fight was won by Maryville over St. Louis on the pledge of the Commercial Club here that homes would be found for all.

Maryville, of course, does not have hotel accomodations for that many. But the local committee of the Knights of Columbus, headed by Grand Knight J. E. Costello and past Grand Knight J. B. Cummins, want it very definitely understood that no one will be aksed to entertain the delegates free. All the visiting Knights of Columbus will pay hotel rates for their rooms and board wherever they stay.

But They Must Have Homes.

What the committee does desire is homes where they will be kept for the two days for pay. Such an assurance must be given to the state executive committee to make the convention sure for Maryville.

So a canvassing committee will start its work here soon. It desires that householders think the matter over and be ready to give them a decision when it comes so that the work may be done as expeditiously as possible.

One of the big attractions will be the K. of C. Choral club from St. Louis. This organization of sixty members, all dressed in white, is famous in Catholic circles especially, and have made many long trips. It will take $1,500 to bring them here alone, but the committee here hopes to arrange a tour to Kansas City and St. Joseph and other cities, so that the expense would be feasible for Maryville.

MUSICAL COMEDY CLEVER

"Prince of Tonight" Chorus Quite Above the Average—Audience Favorably Impressed Throughout.

With a chorus quite above the average, and capable soloists, the musical comedy "The Prince of Tonight" opened the theater season last evenng for Maryville theater goers. The music throughout was bright and catchy. The male voices were especially good. The acting, dancing and singing was so blended that the audience was favorably impressed throughout, and the encores were numerous.

Tom Arnold does some unusually clever work as Jim Sutherland, the Prince. Flossie Stewart as Bonnie, Frank Harsh as Daniel Stewart, and Eva Carey as Virginia do clever work in leading parts.

All of the costumes were pretty and numerous and the settings attractive. "Visions of By-Gone Sweethearts" drew much favorable comment from the audience.

With "The Prince of Tonight" Manager Kuchs of the Empire has given Maryville folks a most acceptable beginning on the 1915 theater season.

Has Position at Bedford.

Lee Strickler of Skidmore, who has been attending school in Maryville, has a position as stenographer for a law firm at Bedford, Ia., and left for that place today.

MEMBERS TO RESIGN?

Board of Managers of Hospital and Gov. Major Are Having Trouble—Too Much Politics by Governor?

The members of the board of managers of state hospital No. 2, at St. Joseph, and Governor Major are having difficulties over the management of the institution, according to rumors reaching Maryville this morning. The report is that the governor has requested Smith Penny of St. Joseph to resign, and that probably three other members of the board will also resign if Penny should.

George B. Baker of this city, who is a member of the board, declined this morning to make any comment, but he left this afternoon in an auto for St. Joseph, where it is supposed that a conference of at least three, if not four, of the members of the board will be held.

Members of the board say that there is too much outside interference in the management of the institution.

MEETINGS AT PALESTINE

Will Continue Over Sunday—There Have Been Very Successful and Baptismal Services.

The revival meeting at Palestine Christian church, twelve miles southwest of this city, will continue over next Sunday. The meeting has been very successful, there being seven accessions up to Tuesday night. On next Sunday, after the morning service, baptismal services will be held at the R. B. Gex tank.

Rev. S. D. Harlan, the minister of the church, and who is conducting the meeting, has announced his sermon subjects for the next few nights and they are:

"Excuses," tonight.

"The Rock and the Sand," Friday night.

"The Rum Sellers' Thermometer," Saturday night.

"The Light Bearing Church," Sunday morning.

"The New Testament Church," Sunday night.

"Prodigal Son," Monday night.

On Sunday, which will be rally day, the leaders of the Bible school are expecting an attendance of 108, and the following verse of song shows that great interest is being taken:

"When the Bible school assembles
On next Sunday early morn,
We will help to make the number that is sought,
For our banner we'll not lower
Till we reach 108
When the roll is called next Sunday
I'll be there."

12 KINDS OF BIBLES

UNUSUAL PRAYER MEETING AT PRESBYTERIAN CHURCH.

SIXTY ATTEND CHRISTIAN

Zeal and Earnestness Increased for Special Men and Millions Services Sunday Morning.

Two prayer meetings of unusual interest were held last night at the Presbyterian and the Christian churches. The one led by the Rev. William Moll Case at the Presbyterian church was called a "Get acquainted with the Bible" service.

The pastor brought a dozen Bibles of different versions. All of them were modern translations except a Greek testament which dates back to the sixteenth century. "The Twentieth Century Testament," "The Modern Speech Bible," "The American Revised," "Standard Revised," and other editions, were examined with interest by the fifty-two who were present.

Mrs. Case sang a solo concerning the Scriptures. The meeting will be continued next Wednesday night, when the members have been asked to bring all the unusual Bibles which they have. It is expected that a large and interesting collection of early American Bibles will be brought together. Some which were printed by the earliest American printers and others which were brought over in colonial ships.

Mrs. Frank Leads Christians.

The service of the Christian church last night was lead by Mrs. J. D. Frank, one of the delegates to the Men and Millions Conference in St. Joseph last Saturday. The others who attended spoke on the purpose and work of the movment.

Mrs. M. T. Henderson, Miss Bertha Anderson, Rev. and Mrs. Finch were the speakers. The meeting was considered a success in that for which it was arranged—the increasing of zeal and earnestness for the special meetings next Sunday morning. All of the sixty at the meeting pledged themselves to work as much as they could during the rest of the week to get a full attendance at the services.

If Abram Cory, one of the two executive secretaries of the Men and Millions movement, and probably the most important of those who conceived of the great work now being accomplished, leads the services here, Maryville will honor again a local boy who has become known nationally in church affairs.

Mr. Cory's father was pastor of the Christian church here for many years. The men will conduct only the morning service here, going in the evening to Savannah.

A Missionary From Here.

Interest has been added to the coming of the men by the announcement of Miss Harriett Van Buren, assistant librarian at the Normal, that she would offer herself to the mission board of the Christian church for appointment as a missionary.

One of the purposes of the movement is to secure pledges for mission service. She expects to enter the training school of that brotherhood after finishing her college work.

HOLDS PROTRACTED MEETING.

The Rev. W. A. Chapman Conducts Services at Guilford Church.

The Rev. W. A. Chapman, pastor of the Christian churches at Rosendale and Guilford, has been holding a protracted meeting at the Guilford church the past week which has been very successful and well attended.

The services will continue through this week and possibly next.

PURCHASES FARM.

I. C. Roelofson of Barnard Buys 200-Acre Farm Near Savannah and Sells Out Stallions and Jack.

I. C. Roelofson of Barnard sold Tuesday to W. I. Suartz of Savannah four stallions, one jack and one pure-bred 2-year-old filly for $6,000. Mr. Roelofson purchased the Suartz farm of 200 acres, near Savannah, the consideration being $20,500. These horses will be kept on this farm, which Mr. Suartz rented from Mr. Roelofson for a term of five years at $7 an acre.

Mrs. T. C. Bowen of St. Joseph is visiting her parents, Mr. and Mrs. Tip Calloway of Quitman.

WILSON WANTED IN WEST

California Delegation Presents Petition Containing Quarter of Million Asking Honeymoon There.

Special to The Democrat-Forum.

Washington, Oct. 21.—A delegation presented a petition to President Wilson today containing a quarter of a million names. The petitioners asked that the president spend his honeymoon on a trip to the two expositions.

The chief executive said to the delegates that he feared that it would be impossible for him to get that far away from Washington at this time.

WOMEN TOO THIS YEAR

BANQUET, CLOSING INSTITUTE, NO LONGER A "STAG" AFFAIR.

Commercial Club Committee Is Arranging for 250 Plates in Normal Library Saturday Night.

The banquet which will close the 1915 Farm Institute and Corn Show will be given in the library of the State Normal school Saturday night, October 30, beginning at 6:30 o'clock Plates will be laid for 250 guests.

The affair, which is always the most social affair of the busy week, is under the auspices of the Maryville Commercial club, with the Normal co-operating. The banquet will be open to both men and women this year. In other years a "stag" dinner has been the custom. So if your wife or wife-to-be, or just a good friend wishes to hear the good things, you may have company.

Most of the expert talent of the institute will remain for the banquet, and a program of toasts will be formed in which all of the leaders will speak on farm and community topics of general interest. Not the least of the interesting features of the banquet will be the fact that all the edibles and accessories of the "feed" will be "Made in Nodaway" products so far as is possible to be arranged.

Announcement will be made later as to where the tickets can be secured and concerning the price. A committee of the Commercial club has the banquet in charge. R. A. Kinnaird, head of the agricultural department of the Normal, is chairman of the committee. The other members are Ernest Wray, Lawrence Ogden and S. H. Kemp.

PROGRESS IN PHILLIPINES

More Nations Now Speak English Than Spanish, and School System is Growing.

Lake Mohonk, Oct. 21.—More Filipinos now know English than know Spanish, Frank L. Crone, director of education in the Philippines, told the Lake Mohonk conference on the Indian and other dependent people here today.

"No element of consequence considers the possibility of adopting any other language than English for official purposes in the future," Mr. Crone continued. His description of what American rule has accomplished along educational lines in the islands was in part as follows:

"The present public school system in the Philippines conform to American ideals while adapting itself to the social and economic needs of the Filipino people.

"It is a part of a great program to make effective the instructions of President McKinley, who declared it was the duty of the new government to promote the happiness, peace and prosperity of the Filipino people. It had its beginning in the schools established by the American army as fast as it extended its control over the Philippines.

Poland-China Building.

A general renovation and painting will be made when all the alterations are finished. Assurances are now had that a sidewalk will be put down from Main to Market on the south side of Fifth. The improvement will help the appearance of that part of the business section greatly, particularly since the new Poland-China building is almost ready for occupancy.

The scaffolding has been removed from the new building of the Poland-China Record association and the carpenters and finishers are now busy on the final touches. The workmen on the interior are waiting for the plaster to dry. It will be ready for occupancy about November 15.

Athens is Surprised at Slow Advance of Germans Compared With Bulgarian Success.

Special to The Democrat-Forum.

London, Oct. 21.—While the censor permitted the information to pass that England had offered the Island of Cypress to Greece for participation in the war, no official comment was made. The transfer would be made at once if accepted.

It is evident that a show-down for Greece and Roumania is near. It is reported that Greece has answered England's not concerning Servia by giving assurances that the Greek nation would not join the Teutonic powers under any circumstances.

Servian Towns Evacuated.

Athens, Oct. 21.—Latest reports say that Uskub and Kumanova have been deserted by the civilian population. These towns are on the Nish-Saloniki railway and are expected to fall into the hands of the Bulgarians soon, probably less than twenty-four hours.

A great battle is developing in the region of the Vlassona heights. Bulgarians are also attacking Strumnitza, on the Greek frontier, fiercely but are being repulsed.

The rapid advance of the Bulgarian army in the south of Servia compared with the slow march of the Austro-German forces in the north is causing much surprise here.

Radujevatz, a Servian town on the Danube, has fallen to the Bulgarians.

Italy Begins Active Help.

Battles are raging in various points. The Servians are hard pressed, particularly in the north.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

In the matter of voting for increased appropriations of the public money, Congressman Booher would like to know the sentimtnt of the people. This his been his policy on all important questions. He has decided views and does not hesitate to express them but as the representative of this district, or as the public servant if you prefer, he endeavors to carry out the wishes of his constituents. There are many matters on which a member of congress must rely upon his superior sources of information and conditions not available to the general public to aid his judgment, but the counsel of his people is always welcome and is always desired by Charley Booher.

ELLISON FOR GOVERNOR.

The Maryville Democrat-Forum speaks of Judge W. C. Ellison in connection with the Democratic nomination for governor of Missouri. The judge is one of the strongest, brainiest men in the state, with every qualification necessary to make a good executive officer, and if elected governor Missouri would never have just cause of being ashamed of her chief officer. He is the best man so far mentioned by the Democrats for governor.—Hopkins Journal.

HOW THE WAR STARTED.

There have been many learned discussions of the causes leading up to the general conflagration in Europe, but the best explanation we have seen, in proportion to the space consumed, is the following, written by a Chinese student and published in a Chinese paper:

"Now there is a great battle in Europe. This began because the prince of Austria went to Serbia with his wife. One man of Serbia killed him. Austria was angry, and so write Serbia. Germany write a letter to Austria, 'I will help you.' Russia write a letter to Serbia, 'I will help you.' France did not want to fight, but they got ready their soldiers. Germany write a letter to France, 'You don't get ready, or I will fight you in nine hours.' Germany, to fight them, pass Belgium. Belgium say, 'I am a country; I am not a road.' And Belgium write a letter to England about Germany, to help him. So England help Belgium."

WHAT'S EDISON'S FAVORITE

Opinions Differ, But New Diamond Disc Phonographs Said to Please Inventor More.

October 21 is to be observed through out the world as Edison day. At the Panama-Pacific Exposition a special celebration will be held and scientists will lecture on Edison's many inventions. October 21, 1879, is the date on which Edison produced the first commercially practicable incandescent lamp. However, many of his other achievements are to be included in the Edison Day ceremonies at the exposition. Among these will be the Edison inventions to which we largely owe the efficiency of the telephone and telegraph, the motion picture camera, the storage battery, the Edison treatment of low grade iron ore and a large number of Edison chemical products. The principal demonstration will be of his new invention for the re-creation of sound.

William H. Meadowcroft, who has been Mr. Edison's close associate for over thirty years, says: "I think, of all Mr. Edison's inventions, this new phonograph is closest to his heart. I believe he thinks more of that achievement than any other. When Secretary Daniels came to see him the other day with reference to the work of the Naval Advisory Board, Mr. Edison took Mr. Daniels up to the laboratory music room to hear his latest re-creation of grand opera before they got down to a discussion of submarines and battleships."

The Girl a Good Stock Judge.

Maude Hall of Grain Valley, Mo., was the only girl in a dairy stock judging contest at the American Royal at Kansas City recently but she won second prize of $10. The contest was open only to residents of the county in which the exposition was held. The young man who made the highest score, 91.3 per cent, received as first a $25 scholarship at the Missouri College of Agriculture, Farmers' Week, which will be held this winter in Columbia.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Cozy— Underwear for Cold Days

One of the greatest pleasures of life is the soft, cozy, comfy feeling of well-fitting underwear on a sharp morning--and one of the most disagreeable feelings is a suit that doesn't come close to fitting and as a result loses whatever warmth and comfort it might have otherwise.

We are equipped to supply every member of your family with underwear worth while—Underwear that is the acme of perfection when new and that loses none of its desirable qualities after repeated washings. If you've never felt the exhileration of a true-fit in your under clothing, come to us for your winter needs. Either two-piece or union suits for man, woman, boy or girl.

History of Edison Free

We have new examples of Mr. Edison's wonderful recreation of music. We shall be glad to play for you the same records that will be used at the Panama-Pacific exposition by Miss Christine Miller in the wonderful tone test she is to make there on Edison day, October 21st, to demonstratte that the Edison Diamond Disc's re-creation of music is indistinguishable from the original. Miss Miller will sing at San Francisco in unison with her own records—the most remarkable test ever made in connection with the art of reproducing sound. Come to our store during this week, Edison week, and hear these same records, as well as many others.

We have arranged with the factory for a limited supply of a souvenir biography of Mr. Edison, which will be mailed to those who attend our recitals during Edison week and register their names, or who bring or send this clipping to Koch Pharmacy.

Please mail me a history of Thomas Edison, the famous inventor, and a story of his favorite invention.

MARYVILLE DRUGGIST PLEASES CUSTOMERS

The Koch Pharmacy reports customers greatly pleased with the quick action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy drains the old foul matter from the bowels so thorough that one spoonful relieves almost any case of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. Adler-i-ka never gripes and the instant action is surprising.

VOLUME 6. MARYVILLE, MISSOURI. THURSDAY, OCT. 21, 1915. NO. 120.

ASK HOMES FOR 350

BUT KNIGHTS OF COLUMBUS WILL PAY HOTEL RATES.

FOR CONVENTION IN MAY

St. Louis Trying Again to Get Meeting and Maryville Must Prove Ability to Entertain.

Preparation for the fifteenth annual convention of the Knghts of Columbus has been begun by the members of that order here. The meeting will be held here the second week in May. About 350 delegates are expected.

Special activity has been aroused by the information that St. Louis is making efforts to have the place of meeting changed to that city. The reason given against this city is that it will not be able to accommodate so many persons.

That argument was used effectively against Maryville in the fight for the next place of meeting in the convention last May at Cape Girardeau. The fight was won by Maryville over St. Louis on the pledge of the Commercial Club here that homes would be found for all.

Maryville, of course, does not have hotel accomodations for that many. But the local committee of the Knights of Columbus, headed by Grand Knight J. E. Costello and past Grand Knight J. B. Cummins, want it very definitely understood that no one will be aksed to entertain the delegates free. All the visiting Knights of Columbus will pay hotel rates for their rooms and board wherever they stay.

But They Must Have Homes.

What the committee does desire is homes where they will be kept for the two days for pay. Such an assurance must be given to the state executive committee to make the convention sure for Maryville.

So a canvassing committee will start its work here soon. It desires that householders think the matter over and be ready to give them a decision when it comes so that the work may be done as expeditiously as possible.

One of the big attractions will be the K. of C. Choral club from St. Louis. This organization of sixty members, all dressed in white, is famous in Catholic circles especially, and have made many long trips. It will take $1,500 to bring them here alone, but the committee here hopes to arrange a tour to Kansas City and St. Joseph and other cities, so that the expense would be feasible for Maryville.

MUSICAL COMEDY CLEVER

"Prince of Tonight" Chorus Quite Above the Average—Audience Favorably Impressed Throughout.

With a chorus quite above the average, and capable soloists, the musical comedy "The Prince of Tonight" opened the theater season last evenng for Maryville theater goers. The music throughout was bright and catchy. The male voices were especially good. The acting, dancing and singing was so blended that the audience was favorably impressed throughout, and the encores were numerous.

Tom Arnold does some unusually clever work as Jim Sutherland, the Prince. Flossie Stewart as Bonnie, Frank Harsh as Daniel Stewart, and Eva Carey as Virginia do clever work in leading parts.

All of the costumes were pretty and numerous and the settings attractive. "Visions of By-Gone Sweethearts" drew much favorable comment from the audience.

With "The Prince of Tonight" Manager Kuchs of the Empire has given Maryville folks a most acceptable beginning on the 1915 theater season.

Has Position at Bedford.

Lee Strickler of Skidmore, who has been attending school in Maryville, has a position as stenographer for a law firm at Bedford, Ia., and left for that place today.

MEMBERS TO RESIGN?

Board of Managers of Hospital and Gov. Major Are Having Trouble—Too Much Politics by Governor?

The members of the board of managers of state hospital No. 2, at St. Joseph, and Governor Major are having difficulties over the management of the institution, according to rumors reaching Maryville this morning. The report is that the governor has requested Smith Penny of St. Joseph to resign, and that probably three other members of the board will also resign if Penny should.

George B. Baker of this city, who is a member of the board, declined this morning to make any comment, but he left this afternoon in an auto for St. Joseph, where it is supposed that a conference of at least three, if not four, of the members of the board will be held.

Members of the board say that there is too much outside interference in the management of the institution.

MEETINGS AT PALESTINE

Will Continue Over Sunday—There Have Been Very Successful and Baptismal Services.

The revival meeting at Palestine Christian church, twelve miles southwest of this city, will continue over next Sunday. The meeting has been very successful, there being seven accessions up to Tuesday night. On next Sunday, after the morning service, baptismal services will be held at the R. B. Gex tank.

Rev. S. D. Harlan, the minister of the church, and who is conducting the meeting, has announced his sermon subjects for the next few nights and they are:

"Excuses," tonight.

"The Rock and the Sand," Friday night.

"The Rum Sellers' Thermometer," Saturday night.

"The Light Bearing Church," Sunday morning.

"The New Testament Church," Sunday night.

"Prodigal Son," Monday night.

On Sunday, which will be rally day, the leaders of the Bible school are expecting an attendance of 108, and the following verse of song shows that great interest is being taken:

"When the Bible school assembles
On next Sunday early morn,
We will help to make the number that is sought,
For our banner we'll not lower
Till we reach 108
When the roll is called next Sunday I'll be there."

12 KINDS OF BIBLES

UNUSUAL PRAYER MEETING AT PRESBYTERIAN CHURCH.

SIXTY ATTEND CHRISTIAN

Zeal and Earnestness Increased for Special Men and Millions Services Sunday Morning.

Two prayer meetings of unusual interest were held last night at the Presbyterian and the Christian churches. The one led by the Rev. William Moll Case at the Presbyterian church was called a "Get acquainted with the Bible" service.

The pastor brought a dozen Bibles of different versions. All of them were modern translations except a Greek testament which dates back to the sixteenth century. "The Twentieth Century Testament," "The Modern Speech Bible," "The American Revised," "Standard Revised," and other editions were examined with interest by the fifty-two who were present.

Mrs. Case sang a solo concerning the Scriptures. The meeting will be continued next Wednesday night, when the members have been asked to bring all the unusual Bibles which they have. It is expected that a large and interesting collection of early American Bibles will be brought together. Some which were printed by the earliest American printers and others which were brought over in colonial ships.

Mrs. Frank Leads Christians.

The service of the Christian church last night was lead by Mrs. J. D. Frank, one of the delegates to the Men and Millions Conference in St. Joseph last Saturday. The others who attended spoke on the purpose and work of the movment.

Mrs. M. T. Henderson, Miss Bertha Anderson, Rev. and Mrs. Finch were the speakers. The meeting was considered a success in that for which it was arranged—the increasing of zeal and earnestness for the special meetings next Sunday morning. All of the sixty at the meeting pledged themselves to work as much as they could during the rest of the week to get a full attendance at the services.

If Abram Cory, one of the two executive secretaries of the Men and Millions movement, and probably the most important of those who conceived of the great work now being accomplished, leads the services here, Maryville will honor again a local boy who has become known nationally in church affairs.

Mr. Cory's father was pastor of the Christian church here for many years. The men will conduct only the morning service here, going in the evening to Savannah.

A Missionary From Here.

Interest has been added to the coming of the men by the announcement of Miss Harriett Van Buren, assistant librarian at the Normal, that she would offer herself to the mission board of the Christian church for appointment as a missionary.

One of the purposes of the movement is to secure pledges for mission service. She expects to enter the training school of that brotherhood after finishing her college work.

HOLDS PROTRACTED MEETING.

The Rev. W. A. Chapman Conducts Services at Guilford Church.

The Rev. W. A. Chapman, pastor of the Christian churches at Rosendale and Guilford, has been holding a protracted meeting at the Guilford church the past week which has been very successful and well attended.

The services will continue through this week and possibly next.

PURCHASES FARM.

I. C. Roelofson of Barnard Buys 200-Acre Farm Near Savannah and Sells Out Stallions and Jack.

I. C. Roelofson of Barnard sold Tuesday to W. I. Suartz of Savannah four stallions, one jack and one pure-bred 2-year-old filly for $6,000. Mr. Roelofson purchased the Suartz farm of 200 acres, near Savannah, the consideration being $20,500. These horses will be kept on this farm, which Mr. Suartz rented from Mr. Roelofson for a term of five years at $7 an acre.

Here from St. Joseph.

Mrs. T. C. Bowen of St. Joseph is visiting her parents, Mr. and Mrs. Tip Calloway of Quitman.

To Hold Market.

The women of the Wesley Chapel church, west of Maryville, will hold a delicatessen sale Saturday at the Bower hardware store.

California Delegation Presents Petition Containing Quarter of Million Asking Honeymoon There.

Special to The Democrat-Forum.

Washington, Oct. 21.—A delegation presented a petition to President Wilson today containing a quarter of a million names. The petitioners asked that the president spend his honeymoon on a trip to the two expositions.

The chief executive said to the delegates that he feared that it would be impossible for him to get that far away from Washington at this time.

WOMEN TOO THIS YEAR

BANQUET, CLOSING INSTITUTE, NO LONGER A "STAG" AFFAIR.

Commercial Club Committee Is Arranging for 250 Plates in Normal Library Saturday Night.

The banquet which will close the 1915 Farm Institute and Corn Show will be given in the library of the State Normal school Saturday night, October 30, beginning at 6:30 o'clock Plates will be laid for 250 guests.

The affair, which is always the most social affair of the busy week, is under the auspices of the Maryville Commercial club, with the Normal co-operating. The banquet will be open to both men and women this year. In other years a "stag" dinner has been the custom. So if your wife or wife-to-be, or just a good friend wishes to hear the good things, you may have company.

Most of the expert talent of the institute will remain for the banquet, and a program of toasts will be formed in which all of the leaders will speak on farm and community topics of general interest. Not the least of the interesting features of the banquet will be the fact that all the edibles and accessories of the "feed" will be "Made in Nodaway" products so far as is possible to be arranged.

Announcement will be made later as to where the tickets can be secured and concerning the price. A committee of the Commercial club has the banquet in charge. R. A. Kinnaird, head of the agricultural department of the Normal, is chairman of the committee. The other members are Ernest Wray, Lawrence Ogden and S. H. Kemp.

PROGRESS IN PHILLIPINES

More Nations Now Speak English Than Spanish, and School System is Growing.

Lake Mohonk, Oct. 21.—More Filipinos now know English than know Spanish, Frank L. Crone, director of education in the Philippines, told the Lake Mohonk conference on the Indian and other dependent people here today.

"No element of consequence considers the possibility of adopting any other language than English for official purposes in the future," Mr. Crone continued. His description of what American rule has accomplished along educational lines in the islands was in part as follows:

"The present public school system in the Philippines conform to American ideals while adapting itself to the social and economic needs of the Filipino people.

"It is a part of a great program to make effective the instructions of President McKinley, who declared it was the duty of the new government to promote the happiness, peace and prosperity of the Filipino people. It had its beginning in the schools established by the American army as fast as it extended its control over the Philippines.

Poland-China Building.

A general renovation and painting will be made when all the alterations are finished. Assurances are now had that a sidewalk will be put down from Main to Market on the south side of Fifth. The improvement will help the appearance of that part of the business section greatly, particularly since the new Poland-China building is almost ready for occupancy.

The scaffolding has been removed from the new building of the Poland-China Record association and the carpenters and finishers are now busy on the final touches. The workmen on the interior are waiting for the plaster to dry. It will be ready for occupancy about November 15.

Athens is Surprised at Slow Advance of Germans Compared With Bulgarian Success.

Special to The Democrat-Forum.

London, Oct. 21.—While the censor permitted the information to pass that England had offered the Island of Cypress to Greece for participation in the war, no official comment was made. The transfer would be made at once if accepted.

It is evident that a show-down for Greece and Roumania is near. It is reported that Greece has answered England's not concerning Servia by giving assurances that the Greek nation would not join the Teutonic powers under any circumstances.

Servian Towns Evacuated.

Athens, Oct. 21.—Latest reports say that Uskub and Kumanova have been deserted by the civilian population. These towns are on the Nish-Saloniki railway and are expected to fall into the hands of the Bulgarians soon, probably less than twenty-four hours.

A great battle is developing in the region of the Vlassona heights. Bulgarians are also attacking Strumnitza, on the Greek frontier, fiercely but are being repulsed.

The rapid advance of the Bulgarian army in the south of Servia compared with the slow march of the Austro-German forces in the north is causing much surprise here.

Radujevatz, a Servian town on the Danube, has fallen to the Bulgarians.

Italy Begins Active Help.

Zurich, Switzerland, Oct. 21.—The Italian army has begun its advance to seize the provinces of Circdentist in its effort to bring help to the Servian armies, according to newspaper reports.

Railway Has Been Cut.

Nish, Oct. 21.—The Servian war office admits that the Nish-Saloniki railway has been cut by the recapturing of Vranje by the Bulgarians. This cuts off Servian communication with Saloniki, where the allied forces are landing in Greece.

Battles are raging in various points. The Servians are hard pressed, particularly in the north.

Announcement.

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

In the matter of voting for increased appropriations of the public money, Congressman Booher would like to know the sentimtnt of the people. This his been his policy on all important questions. He has decided views and does not hesitate to express them but as the representative of this district, or as the public servant if you prefer, he endeavors to carry out the wishes of his constituents. There are many matters on which a member of congress must rely upon his superior sources of information and conditions not available to the general public to aid his judgment, but the counsel of his people is always welcome and is always desired by Charley Booher.

ELLISON FOR GOVERNOR.

The Maryville Democrat-Forum speaks of Judge W. C. Ellison in connection with the Democratic nomination for governor of Missouri. The judge is one of the strongest, brainiest men in the state, with every qualification necessary to make a good executive officer, and if elected governor Missouri would never have just cause of being ashamed of her chief officer. He is the best man so far mentioned by the Democrats for governor.—Hopkins Journal.

HOW THE WAR STARTED.

There have been many learned discussions of the causes leading up to the general conflagration in Europe, but the best explanation we have seen, in proportion to the space consumed, is the following, written by a Chinese student and published in a Chinese paper:

"Now there is a great battle in Europe. This began because the prince of Austria went to Serbia with his wife. One man of Serbia killed him. Austria was angry, and so write Serbia. Germany write a letter to Austria, 'I will help you.' Russia write a letter to Serbia, 'I will help you.' France did not want to fight, but they got ready their soldiers. Germany write a letter to France, 'You don't get ready, or I will fight you in nine hours.' Germany, to fight them, pass Belgium. Belgium say, 'I am a country; I am not a road.' And Belgium write a letter to England about Germany, to help him. So England help Belgium."

WHAT'S EDISON'S FAVORITE

Opinions Differ, But New Diamond Disc Phonographs Said to Please Inventor More.

October 21 is to be observed throughout the world as Edison day. At the Panama-Pacific Exposition a special celebration will be held and scientists will lecture on Edison's many inventions. October 21, 1879, is the date on which Edison produced the first commercially practicable incandescent lamp. However, many of his other achievements are to be included in the Edison Day ceremonies at the exposition. Among these will be the Edison inventions to which we largely owe the efficiency of the telephone and telegraph, the motion picture camera, the storage battery, the Edison treatment of low grade iron ore and a large number of Edison chemical products. The principal demonstration will be of his new invention for the re-creation of sound.

William H. Meadowcroft, who has been Mr. Edison's close associate for over thirty years, says: "I think, of all Mr. Edison's inventions, this new phonograph is closest to his heart. I believe he thinks more of that achievement than any other. When Secretary Daniels came to see him the other day with reference to the work of the Naval Advisory Board, Mr. Edison took Mr. Daniels up to the laboratory music room to hear his latest re-creation of grand opera before they got down to a discussion of submarines and battleships."

The Girl a Good Stock Judge.

Maude Hall of Grain Valley, Mo., was the only girl in a dairy stock judging contest at the American Royal at Kansas City recently but she won second prize of $10. The contest was open only to residents of the county in which the exposition was held. The young man who made the highest score, 91.3 per cent, received as first a $25 scholarship at the Missouri College of Agriculture, Farmers' Week, which will be held this winter in Columbia.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Cozy—
Underwear
for Cold Days

One of the greatest pleasures of life is the soft, cozy, comfy feeling of well-fitting underwear on a sharp morning--and one of the most disagreeable feelings is a suit that doesn't come close to fitting and as a result loses whatever warmth and comfort it might have otherwise.

We are equipped to supply every member of your family with underwear worth while—Underwear that is the acme of perfection when new and that loses none of its desirable qualities after repeated washings. If you've never felt the exhileration of a true-fit in your under clothing, come to us for your winter needs. Either two-piece or union suits for man, woman, boy or girl.

History of Edison Free

We have new examples of Mr. Edison's wonderful recreation of music. We shall be glad to play for you the same records that will be used at the Panama-Pacific exposition by Miss Christine Miller in the wonderful tone test she is to make there on Edison day, October 21st, to demonstratte that the Edison Diamond Disc's re-creation of music is indistinguishable from the original. Miss Miller will sing at San Francisco in unison with her own records—the most remarkable test ever made in connection with the art of reproducing sound. Come to our store during this week, Edison week, and hear these same records, as well as many others.

We have arranged with the factory for a limited supply of a souvenir biography of Mr. Edison, which will be mailed to those who attend our recitals during Edison week and register their names, or who bring or send this clipping to Koch Pharmacy.

Please mail me a history of Thomas Edison, the famous inventor, and a story of his favorite invention.

MARYVILLE DRUGGIST PLEASES CUSTOMERS

The Koch Pharmacy reports customers greatly pleased with the quick action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy drains the old foul matter from the bowels so thorough that one spoonful relieves almost any case of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. Adler-i-ka never gripes and the instant action is surprising.
